

Outpatient Department (OPD) Guidelines

Outpatient Department

Document Code: OPD-GL-01

Version: 1.0

Department: Outpatient Department

Status: Active

1. Purpose & Scope

Defines how outpatient consultations are organized at Shifa Hospital, covering walk-in visits, scheduled appointments, and follow-up consultations.

2. Available OPD Specialties

- General Medicine
- Pediatrics
- Gynecology & Obstetrics
- Cardiology
- Orthopedics
- ENT
- Dermatology
- General Surgery

3. Walk-in vs Appointment Visits

Walk-in patients are seen on a first-come, first-served basis subject to same-day token availability. Appointment holders are given priority within their scheduled time slot; see Appointment Scheduling Policy (OPD-GL-02) for booking details.

4. Consultation Process

- Step 1: Patient registers or verifies MR number at the OPD counter
- Step 2: Token/queue number is issued for the selected specialty
- Step 3: Vitals are recorded by the OPD nursing staff
- Step 4: Patient is called into the consultation room by token order
- Step 5: Consultant records findings, prescribes treatment, and orders any tests
- Step 6: Patient proceeds to pharmacy/lab as directed

5. Follow-up Visits

Follow-up consultations within the period specified by the consultant (typically 7-14 days) are billed at the reduced follow-up rate upon presentation of the original visit slip.

6. OPD Timings

OPD operates Monday to Saturday, 8:00 AM to 8:00 PM. Sunday OPD is limited to Emergency-referred consultations only. Specific consultant availability is displayed at the OPD reception.
